### **Skills**

In high school I was the chief editor of the *Auctioneer*, Greeneville High School's yearbook program, for three years. In 2015 our book won a silver crown from the Columbia Scholastic Press Association, the most prestigious competition in the nation. Through this experience I not only gained an understanding for leading others, but I also learned valuable skills like writing, editing and extensive knowledge on Adobe InDesign.

In college, I have increased my ability to work in Adobe Photoshop, Adobe Premiere and Adobe Spark. I have completed projects in multiple mediums including but not limited to video, podcast, Wordpress blog and writing for both print and broadcast. I have also served as the proofreader for *El Nuevo Tennessean* for the past two years (2016-2017). I have recently been promoted to "Design Editor" for the 2018 publication, which is a paid position.
